

SECTION 13

USING A CALCULATOR

ACTIVITIES

1. Using the cards from R12.4 to R12.9 in a random pile face down take turns to turn over a card and enter the number into a calculator.
2. Practise using the calculator to add up basic amounts using R13.1 to record your answers and discuss whether they are correct or not.
3. Using R10.2 to R10.4 practise writing the amounts as decimals and entering into the calculator. So re write £1.51 as 1.51 then enter amount into calculator.
4. Work through R13.2 using a calculator to add up the decimal numbers. Take turns to check each others work.
5. Write each answer in pounds and pence using the grid from R10.1 and then make each answer in real pounds and pence.
6. Price up 3 items for £1.50, £1.34, £1.66 and write down the amounts in a list ready to be added (omit the £ sign). Add up the amounts and write the answer in pounds and pence. Make the amount with money.
7. Repeat number 6 for the following amounts
 - i. £2.10, £1.21, £1.19,
 - ii. £0.53, £1.70, £1.17,
 - iii. £3.12, £1.28, £0.15

R13.1

$$2 + 2 = \square$$

$$1 + 1 = \square$$

$$3 + 3 = \square$$

$$5 + 5 = \square$$

$$10 + 10 = \square$$

$$20 + 20 = \square$$

$$50 + 50 = \square$$

$$100 + 100 = \square$$

R13.2

$$1.70 + 1.22 + 1.88 = \boxed{}$$

$$1.51 + 1.32 + 1.17 = \boxed{}$$

$$1.49 + 1.11 + 1.50 = \boxed{}$$

$$1.67 + 1.33 + 1.50 = \boxed{}$$

$$1.72 + 1.09 + 1.39 = \boxed{}$$
